

# The New eSERS: Your Hotline to SERS

April 30, 2015

School Employees Retirement System of Ohio

## SSA-1945 Form Upload to be Offered on eSERS

You asked for it, the eSERS upgrade will have it.

Yes. The new eSERS upgrade will provide a feature to upload the SSA-1945 Form electronically.

Currently, the form can only be faxed or mailed to Employer Services.

As a federal form that explains how public employment affects Social Security benefits, employers are required by law to submit a copy of the completed form to SERS for the employee's file.

With the new eSERS upgrade, you will be able to electronically upload a PDF version of the signed SSA-1945 Form. ■

## Reminder: eSERS Training Rescheduled

In preparation for the eSERS upgrade, the eSERS training sessions are being rescheduled.

Because we want to make sure you have everything you need for a smooth transition to the new eSERS system, we are currently rescheduling the spring training sessions for later dates.

As soon as we have the new dates, we will let you know how to register. We apologize for any inconvenience.

If you have any questions, please email Employer Services at [employerservices@ohsers.org](mailto:employerservices@ohsers.org), or call us toll-free at 877-213-0861. ■

## Per Pay Reporting: Coming Soon

Because the implementation date and training sessions for the eSERS upgrade have been delayed, per pay reporting also has been delayed until further notice.

Please continue to report as you have in the past. ■
