MEMBERSHIP DETERMINATION

SERS has the authority to make membership determinations under Chapter 3309 of the Ohio Revised Code.

Generally, if an individual meets the definition of “employee” as set forth in R.C. 3309.01(B), that individual must contribute to SERS. Paragraphs (B)(1), (B)(2) and (B)(3) of section 3309.01 of the Revised Code set forth three separate definitions for “employee.”

Paragraph (B)(1) defines employee as “[a]ny person employed by a public employer” in a non-teaching position.

- SERS interprets this definition to refer to a common law employee-employer relationship. This definition applies when a school contracts directly with an individual for the individual’s services.
- Classifying an individual hired to perform services as an “independent contractor” does not necessarily relieve the obligation of SERS membership if the actual status of the worker is that of an employee.
- Employers should consult with their legal counsel when deciding if an individual working for the school is properly classified as an independent contractor.

Paragraph (B)(2) defines a person as an employee for purposes of SERS “if the person performs a service common to the normal daily operation of a school even though the person is employed and paid by one who has contracted with an employer to perform the service[.]”

“Common to the normal daily operation” has three separate definitions:

- (1) Any service required to be provided by an educational unit or the provision of which is governed by law, statute, or rule; or
- (2) Any service necessary on a regular continuous basis to the efficient operation of an educational unit; or
- (3) Any service which, through custom and usage, has become a service commonly provided or procured by an educational unit on a regular continuous basis.” Ohio Adm. Code 3309-1-11(D)

This definition applies when a school contracts with a contractor for the provision of services by employees of the contractor.

It is important to understand the different purposes of (B)(1) and (B)(2): (B)(2) sets forth a statutory definition of employee while (B)(1) refers to a common law employee.

The third definition of employee refers to any person employed in a non-faculty position in a school, college or other institution wholly controlled and managed, and wholly or partly supported by the state or any political subdivision thereof.

DETERMINATION PROCESS

To begin the Determination Process, please complete the applicable sections of this form and return it to SERS along with a copy of the contract/service agreement. The completed form and agreement can be scanned and emailed to employerservices@ohsers.org or faxed to (614) 340-1195.

SECTION 1: To be completed when the employer enters into an agreement for services with an individual service provider (the worker).
